## Plan Inventory

List all plans that were incorporated into this process. Include only those plans that are written, data informed, and have identified priorities (e.g. FCE, CCIP, United Way, MHRB plan):

1. Service Coordination / Wraparound with Lawrence County Juvenile Probation Officers
  2. Wraparound with all agency service providers
  3. Follow-up with all families within 10 days of service coordination
  4. Inclusion / Participating in all school districts with I.E.P's and ETR's.
  5. Increased involvement with Family Court Issues
- 
2. Identify any additional agency/system strategic plans that the council hopes to incorporate into future planning efforts:  
Increased integration into all 11 school districts. AFCFC information to run on local broadcast station. Continued outreach and incorporation into other community activities.
  3. Identify any barriers experienced in this process (i.e. plan collection, availability of data informed plans, language issues, etc.):  
Conflict in scheduling for some Council Members to attend, causing some lag time in the reporting of sharing data.
  4. Identify any successes/how this process has worked to strengthen the council and county collaboration:  
**Service Coordination has doubled in the number of families served. We have created awareness and provided education in conjunction with Gallia County in the area of Human Trafficking**

**Report on Indicator Data** (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).
